

The image displays a complex network graph visualization. The graph consists of numerous nodes (black dots) and edges (green lines). The nodes are organized into several distinct clusters or communities. Key individuals are labeled with text, including: DiNicola, Antonio, Housam, Pasquale, Tabor, Mousam, Assaf, Ebrahim, Sridi, Gopal, Barakat, Abeer, Zialevska, Alberto, Merdaji, Elliott, Capaccio, Graciel, Alderman, J??ens, and Basim. The graph is rendered with black nodes, green edges, and blue labels. The overall structure suggests a social network or a system of interconnected entities.
